INTERNSHIP

- Front-end Development Intern** May 2023 – July 2024
HQL Edu Tech
Completed a front-end web development internship, proficient in HTML and CSS.
Created an E-Commerce shopping website with user-friendly, responsive designs.
- Python Full Stack Development**
Apr 2024 – Jun 2024
Talent Shine India
Completed python Full stack Development Internship. Analyzed laptop pricing with Python (pandas, matplotlib, seaborn). Gained hands-on experience with libraries like Pandas and Numpy.

PROJECTS

- **E-Commerce Online shopping website Development Project**

I have developed an E-commerce online Shopping website using HTML and CSS, focusing on creating responsive and user-friendly web designs. This project helped me to gain a good knowledge in front-end, allowing me to showcase my personal projects and coding skills effectively. By ensuring that the web pages were not only visually appealing but also accessible across different devices, I enhanced the user experience and demonstrated my ability to create functional, aesthetically pleasing websites.

- **IT Asset Management System**

Created a custom application named “IT Asset Management System” in ServiceNow, which includes designing and creation of tables, forms, and workflows. Used ServiceNow App Engine Studio to automate processes and build user-friendly interfaces. I have added the security features like access controls and business rules to ensure safe usage. This project helped me to demonstrate my skills in app development and process automation on the ServiceNow platform.

CERTIFICATIONS

- **Certified System Administrator (CSA)**

Issued by ServiceNow

- **Certified Application Developer (CAD)**

Issued by ServiceNow

- **SQL Advanced**

Issued by Hacker Rank

- **Python**

Issued by Talent Shine India

ACHIEVEMENTS

- Got First Prize in Technical Paper Presentation Conducted on Engineers Day
Topic: “Heart Disease Prediction Using Machine Learning”.
